In addition, resident enrollment shall include the number of pupils who, on the last school day prior to October 16 of the pre-budget year, are residents of the district and in a State facility in which they were placed by the State. Pupils in a shared-time vocational program shall be counted on an equated full-time basis in accordance with procedures to be established by the commissioner. Resident enrollment shall include regardless of non-residence, the enrolled children of teaching staff members of the school district or county vocational school district who are permitted, by contract or local district policy, to enroll their children in the educational program of the school district or county vocational school district without payment of tuition. Disabled children between three and five years of age and receiving programs and services pursuant to N.J.S.18A:46-6 shall be included in the resident enrollment of the district."
